Core Value 6: A Commitment to Service

We will encourage and provide training opportunities that will enable each believer to identify and be involved in using their spiritual gifts for the benefit of the church and the glory of God. This commitment is intended to include recognition of and submission to Biblical Leadership. We will require our church leaders to meet the biblical qualifications as set forth in the Word of God. We will serve our God, our fellow believers, and our community, not just as an activity but as a mindset and a way of life.
