

Handling Disappointments

Speaker: Rev. Stephen E. Palm

Date: 7/1/18

Disappointment is $\frac{\text{Expectation}}{\text{Reality}}$

First Point: Handling the disappointments that come when someone is messing with the “math”. (Gen. 29:15-30)

Second Point: Handling the disappointments that come when your most important relationships are not “balanced”. (Gen. 29:31-35)

Third Point: Handling disappointments without falling into the insanity cycle. (Gen. 30)

Applications:

1. *Lower your expectations of fallen people.*
2. *Raise your reality to include God’s finger on the scale.*
3. Complete the equation and factor in God’s Love.
